Recruiter***

***Specialist  
Training***

**Network Medical**, was established in 2016, we have been providing specialist occupational health services for the past 15 years.

Alongside our normal occupational health provision we also deliver specialist training from first aid at work to Occupational Health Technician training.

This allows us to support our Specialist Recruitment service, where we are able to provide a number of clinicians to support clients and occupational health providers.

## **Clinician Placement**

At **Network Medical OH**, we have a network of clinicians ready to be placed in clinics across the country.

We are not just your ordinary agency, our staff will integrate seamlessly within your already existing team or independently run clinics whilst representing your company.

As an established Occupational Health company we understand your needs and have the governance and infrastructure to support our clinicians to provide the best service to you and your clients.

# Our services:

Additional Capacity

Clinic Support

Specialist Staff

Specialist Referrals

Case Management

# Our Promise to you!

---

Whether you are looking for one or many, we can assure you that all our OHTs, OHAs or OHPs are of the standard you would expect from your own clinicians.

All our clinicians will be:

- ✓ Reliable, timely and where there needed
- ✓ Professional and presentable
- ✓ Trained to the highest standard
- ✓ Maintain their mandatory training
- ✓ Experienced in their field
- ✓ Registered – where appropriate

What you  
say:

“Was Great, very speedy service”

Client Solicitor.

“ Thanks for your rapid response on our hour  
of need”

Food Processing Plant, Northampton

“ \*\*\*\* ask me to convey their thanks to  
\*\*\*\* for their empathy and kindness during  
their recent consultation and referral to a  
counsellor”

Teacher
